

TEAM BUILDING

HOUSE OF ILLUSIONS

DARE TO CHOOSE A DIFFERENT OPTION!

You deserve an experience that will take your team into a world of illusions, holograms, optical puzzles, and stereograms – a world where creativity and collaboration go beyond the limits of imagination. Step into the upside-down room, have fun with the head on a platter illusion, lose the ground beneath your feet in the Vortex and create kaleidoscopic photos.
End the visit with brain-teasing challenges that will spark team spirit and encourage logical thinking, helping your team collaborate more effectively and think outside the box.
Dare to choose something different!

For reservations or additional information, you can contact us at rezervacije@houseofillusions.si.
Group visits are available between 9 a.m. and 9 p.m., regardless of the regular opening hours for other visitors.

ESCAPE BOX

TEAM CHALLENGE: ESCAPE BOX

The Escape Cube is an innovative educational activity designed according to the escape room concept, but in a smaller, portable format.

Looking for a challenge that will bring your team together, spark creativity, and break the daily routine?
In our museum, you can enjoy a unique experience with your colleagues or business partners by taking on our Escape Box challenge.
This one-of-a-kind activity tests teamwork, strategic thinking, and communication.

The Escape Box works on a similar principle as an Escape Room, but with a twist – all the challenges and solutions are contained within the box itself. Using logic and skill, your team must work together to unlock the box within 60 to 90 minutes.

- **Based on the size of your group, we will divide you into two teams, as each team will be solving its own cube. Since the cubes are not identical, this will not be a competition. Cooperation between the teams is, of course, allowed.**
- **The game is led by our coordinator, who will explain the instructions and rules at the beginning, and later, occasionally provide hints if needed.**
- **The cube themes are: Schrödinger's Cat, Davy Jones' Riddle, Captain Nautilus' Submarine, and the Trial of Camelot. Each cube measures 23 cm on all sides.**

EVERYTHING ELSE WILL BE REVEALED ONLY DURING THE GAME!

ADVANTAGES OF SOLVING THE CUBE: strengthening team spirit, developing problem-solving skills, fun, and learning.

PRICE:

THE PRICE FOR SOLVING THE ESCAPE CUBE IS €8 PER PERSON (MINIMUM 10 PARTICIPANTS).

You can enjoy it as part of a relaxed gathering at the museum.
Or you can add it as an upgrade to your team-building program.
If you prefer, we can also deliver the Escape Cube directly to your company.
